

**MINUTES OF FRIENDS OF THE TRIANGLE ALDCLIFFE ROAD,
Meeting of 18th December 2017**

Present: Dave Brookes, Mike Swan, Jane Swan, Claire Gould, Martin Luke, Frances Tordoff

Apologies: Gillian Allen, Sheila Bliss, Liz and Duncan

Recent Developments – Following the break-in at the workshop, Dave has obtained quotes for three options for replacement doors, as close as possible in appearance to the existing to suit Conservation Area requirements: basic T&G effect steel doors (lowest cost), insulated T&G wood-effect steel doors, and redwood T&G doors (highest cost). It was decided that the insulated steel door option at around £2750 would be the most secure. Dave had already got confirmation from Conservation Officers that replacement with these doors would not require planning permission.

Dave is already seeking funding for the workshop ceiling and will add the doors to the bid.

Spring Fair 2018 – There was a problem with the date we had previously agreed for the Spring Fair. It will now be held on Saturday 2nd June 2018.

Date of next meeting: Monday 5th February 2018 at 7.30pm
