

Food Chains.

Fairfield Nature Reserve.

Complete the following 3 food chains. At the bottom of the page are some plants and animals that live in the nature reserve which you may wish to use in the food chains.

Draw an arrow between each box in the chain to show the direction of energy flow.

Now, can you complete 2 more chains with five parts to them!

Finally, under each box in your food chains write the word producer or consumer.

- acorn
- blackberry
- blackbird
- blue tit
- caterpillar
- dead leaf
- fox
- green leaf
- mouse
- seed
- slug
- snail
- song thrush
